

Ministry Highlight:

Mend Medical Services

Tulsa, Oklahoma

Executive Director:
Joya Fadeley

Mend Medical Services shows the love of Christ by equipping and supporting women before, during, and after unexpected pregnancies.

Mend is a privately-supported, non-profit, life-affirming organization that exists to be an active minister of Christ to women in need. Our organization provides pregnancy tests, ultrasounds, STI testing, abortion pill reversal, post-abortion healing, and an ongoing education program that provides women with practical supplies from pregnancy through their child's 3rd birthday.

As we gladly embrace a post-Roe world, we are diligently reaching the women of Oklahoma who are planning to travel to other states for an abortion. We do this through marketing, networking, and, most importantly, providing our clients with services, education, truth, and love. We are in an important place to offer the practical services women are looking for while building ongoing relationships, and Mend is thrilled to be a part of that journey with them in sharing Christ's forgiveness and healing.

Highlights: Forgiven and Set Free healing study, available to all at no cost
Increased involvement in men's ministry
Upcoming annual banquet

National Sanctity of Human Life Sunday

The third Sunday in January is set aside as National Sanctity of Human Life Sunday. This day is designated to celebrate life as well as to pray for the end of abortion in our country and around the world. This year we are pleased to thank God for the end of *Roe vs. Wade* as well as for the banning of abortion in many states.

Save the Date

Mend's Annual Banquet

Thursday evening,
April 13th, 2023
