

Imad & Julia Shehadeh

Area of ministry: Jordan
Focus of ministry: Pastor and ministry leader training

JETS - TBC Missionaries since 2001

Imad and Julia serve at Jordan Evangelical Theological Seminary in Jordan, where Imad is the Founder, President, and Professor of Theology. The mission statement of JETS is: "Equipping spiritual leaders for planting and strengthening churches in the Arab World." JETS emphasizes sound theological training and mentorship, encouraging its students to return to their respective countries in the region to minister in their own contexts. JETS is doing well, serving students from several surrounding countries. The JETS campus now houses education for kindergarten through doctorate! JETS also has its own publishing house, and Dr. Imad has written a book on the Trinity, an important theological truth that is a large stumbling block in the Muslim world.

Interested in hearing from Dr. Imad in person?!

Come to an open house and dessert reception!

Sunday, May 28th at 7:00pm

Home of Travis and Marlene Jones
22129 E 62nd Street S. Broken Arrow, OK 74014

Prayer Requests

- provision for JETS students as they return to difficult countries to establish and continue ministry
- students to be granted visas to enter Jordan for training
- physical comfort for Julia with her health challenges

Joshua Project facts on Jordan
