

# PERSPECTIVES USA

One of the most powerful influences in the lives of TBC's local and global partners was stated to be the Perspectives course, a fifteen-week class on God's heart for the nations, from Genesis to today.

The next Perspectives course in Tulsa will start in January 2025, and we want **you** to go.

From the Perspectives website:

Perspectives is a fifteen-lesson discipleship course exploring different aspects of God's global purpose in a multi-faceted learning experience. The course examines the story of God fulfilling His promises from four vantage points or "perspectives" – Biblical, Historical, Cultural, and Strategic. The Biblical and Historical sections establish the foundation of our confidence in the historic fact of God's persistent work to make His name known to the nations from the dawn of history until today. The Cultural and Strategic sections highlight that we are in the midst of a costly but very "do-able" task. These sections confirm the Biblical and Historical hope we have with the invitation to co-labor with God in His mission.

...From Genesis to the prophets, Jesus to the early Church, and St. Augustine to the present, students learn how God moves, how the global Church responds, and the remaining task of world evangelization. Perspectives isn't a course solely about world missions. It's a study program rooted in Scripture clarifying each believer's remarkable opportunity to co-labor with God in His global purpose.

**You have an integral role to play in God's story.** He delights when His people respond to His invitation to be a blessing to all the peoples of the earth. Experience God's heart for the nations and encounter the momentum of the World Christian movement through Perspectives.

The next Perspectives course is starting **January 14, 2025**, and will be held at Asbury.
