New Life Ranch - TBC Missionaries since 2014

Shawn and Sophie Donegan both grew up in Christian homes. Shawn came to the Lord at the age of eight and started serving in camp ministry in high school and college. Sophie prayed to receive salvation at an early age, but assurance of that salvation came later through reading the Bible, asking questions, and learning more about the God who loves her and the nations. Shawn and Sophie met at TBC and were married in 2014.

Shawn currently serves as Director of Retreats at New Life Ranch, Flint Valley, or, as one of his boys says, “He lights fires and sets up chairs.” Shawn leads the NLR hospitality staff, communicates with retreat leaders, works with scheduling and logistics, and takes care of details, making sure that groups have what they need to enjoy their time at the Ranch with minimal distractions. These groups range from small church groups to large public school groups. Sophie worked at New Life Ranch in the past as well, working with at-risk kids through horse therapy.

Prayer Requests:

- Stamina to serve and be effective this spring with multiple retreats on the schedule
- Time for family and as a family
- Financial provision
